(An open-ended equity scheme predominantly investing in small cap stocks)

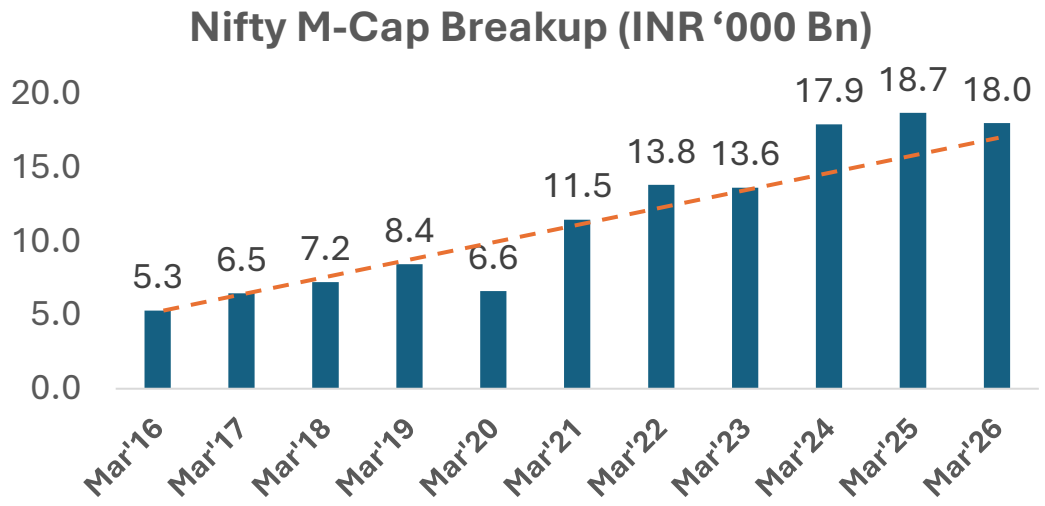
Bank of India Mutual Fund

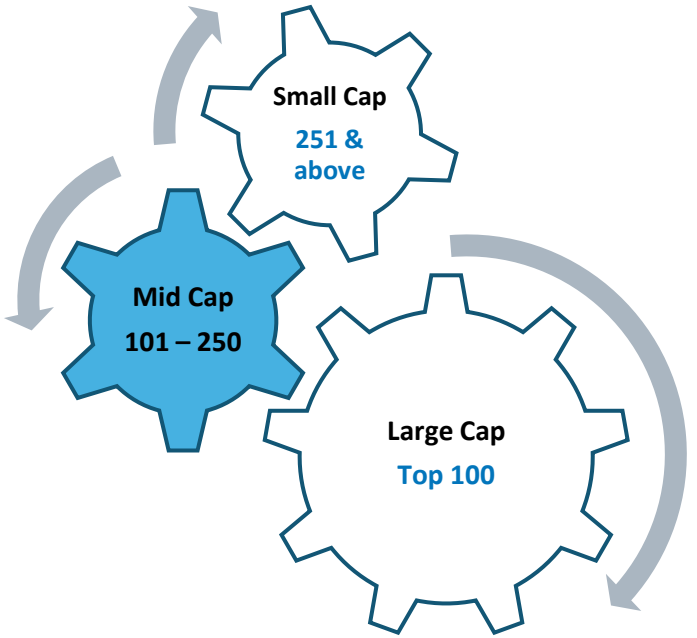
Oct 2026 Update
30th Oct 2026

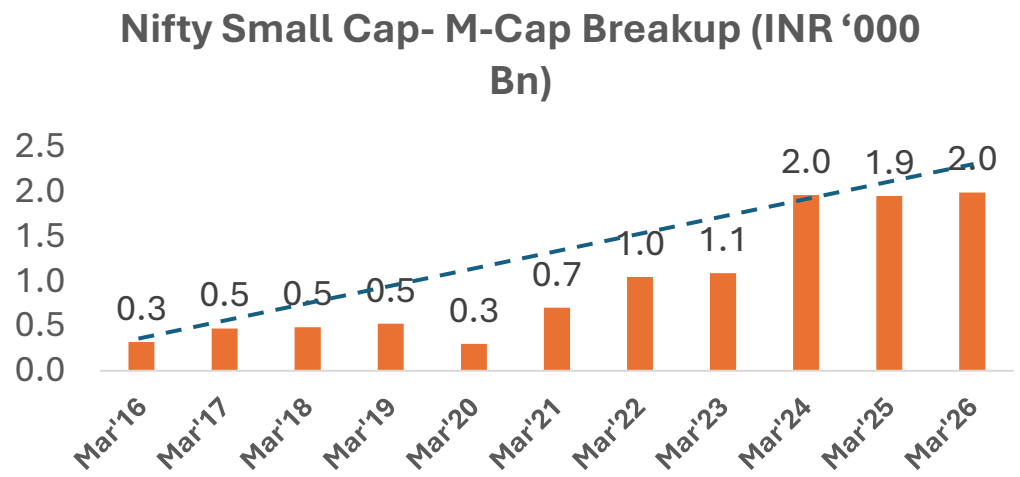
Bank of India Mutual Fund
SEBI Registration Number: MF/056/08/01

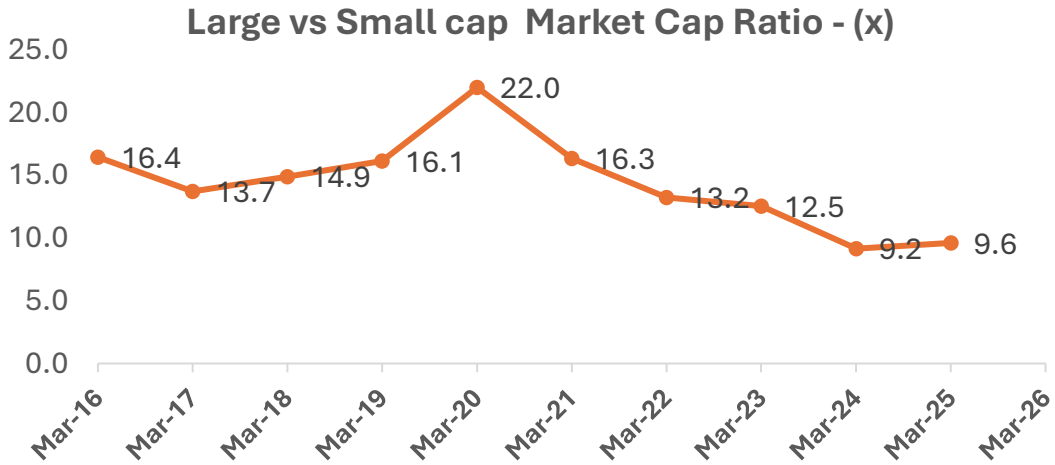
Rapid Growth Visible in Small Cap Companies

- Market Cap of SmallCap Companies have shown rapid growth in the last 5 years:









Source: Market Cap classification is as per SEBI. AMFI's average market capitalization of listed companies is as of March 31 of respective years.

Why Small Cap Funds?

Niche and Emerging Businesses

Relatively Under Researched

Potential Multi Baggers

- Operate in industries/businesses where large cap companies have negligible presence: Building materials, Bearings, Packaging, Lifestyle, Logistic Solution Providers etc.
- Niche businesses in sunrise industries such as: Defense, Aerospace, EMS, Fintech, Healthcare Services providers etc.
- Part of a large profit pool such as in sectors like; Financial services, Consumer, Information technology, Auto etc.

Small-Caps Have Wider Sector Allocation Relative to Large & Mid Caps

Sector	Nifty Smallcap 250 TRI	BSE 250 LargeMidCap	Overweight/ Underweight
Capital Goods	15.77	0	15.77
Automobile and Auto Components	11.08	0	11.08
Chemicals	6.26	0	6.26
Healthcare	11.21	6.64	4.57
Construction	3.13	0	3.13
Oil, Gas & Consumable Fuels	2.77	0	2.77
Consumer Durables	2.77	0	2.77
Realty	2.7	0	2.7
Consumer Services	2.58	0	2.58
Power	2.26	0	2.26
Services	4.03	1.91	2.12
Media, Entertainment & Publication	1.21	0	1.21
Construction Materials	1.18	0	1.18
Metals & Mining	1.06	0	1.06
Textiles	0.68	0	0.68
Diversified	0	0.08	-0.08
Fast Moving Consumer Goods	4.27	5.49	-1.22
Telecommunication	2.7	3.94	-1.24
Information Technology	4.77	6.27	-1.5
Utilities	0	3.59	-3.59
Energy	0	7.3	-7.3
Commodities	0	8.08	-8.08

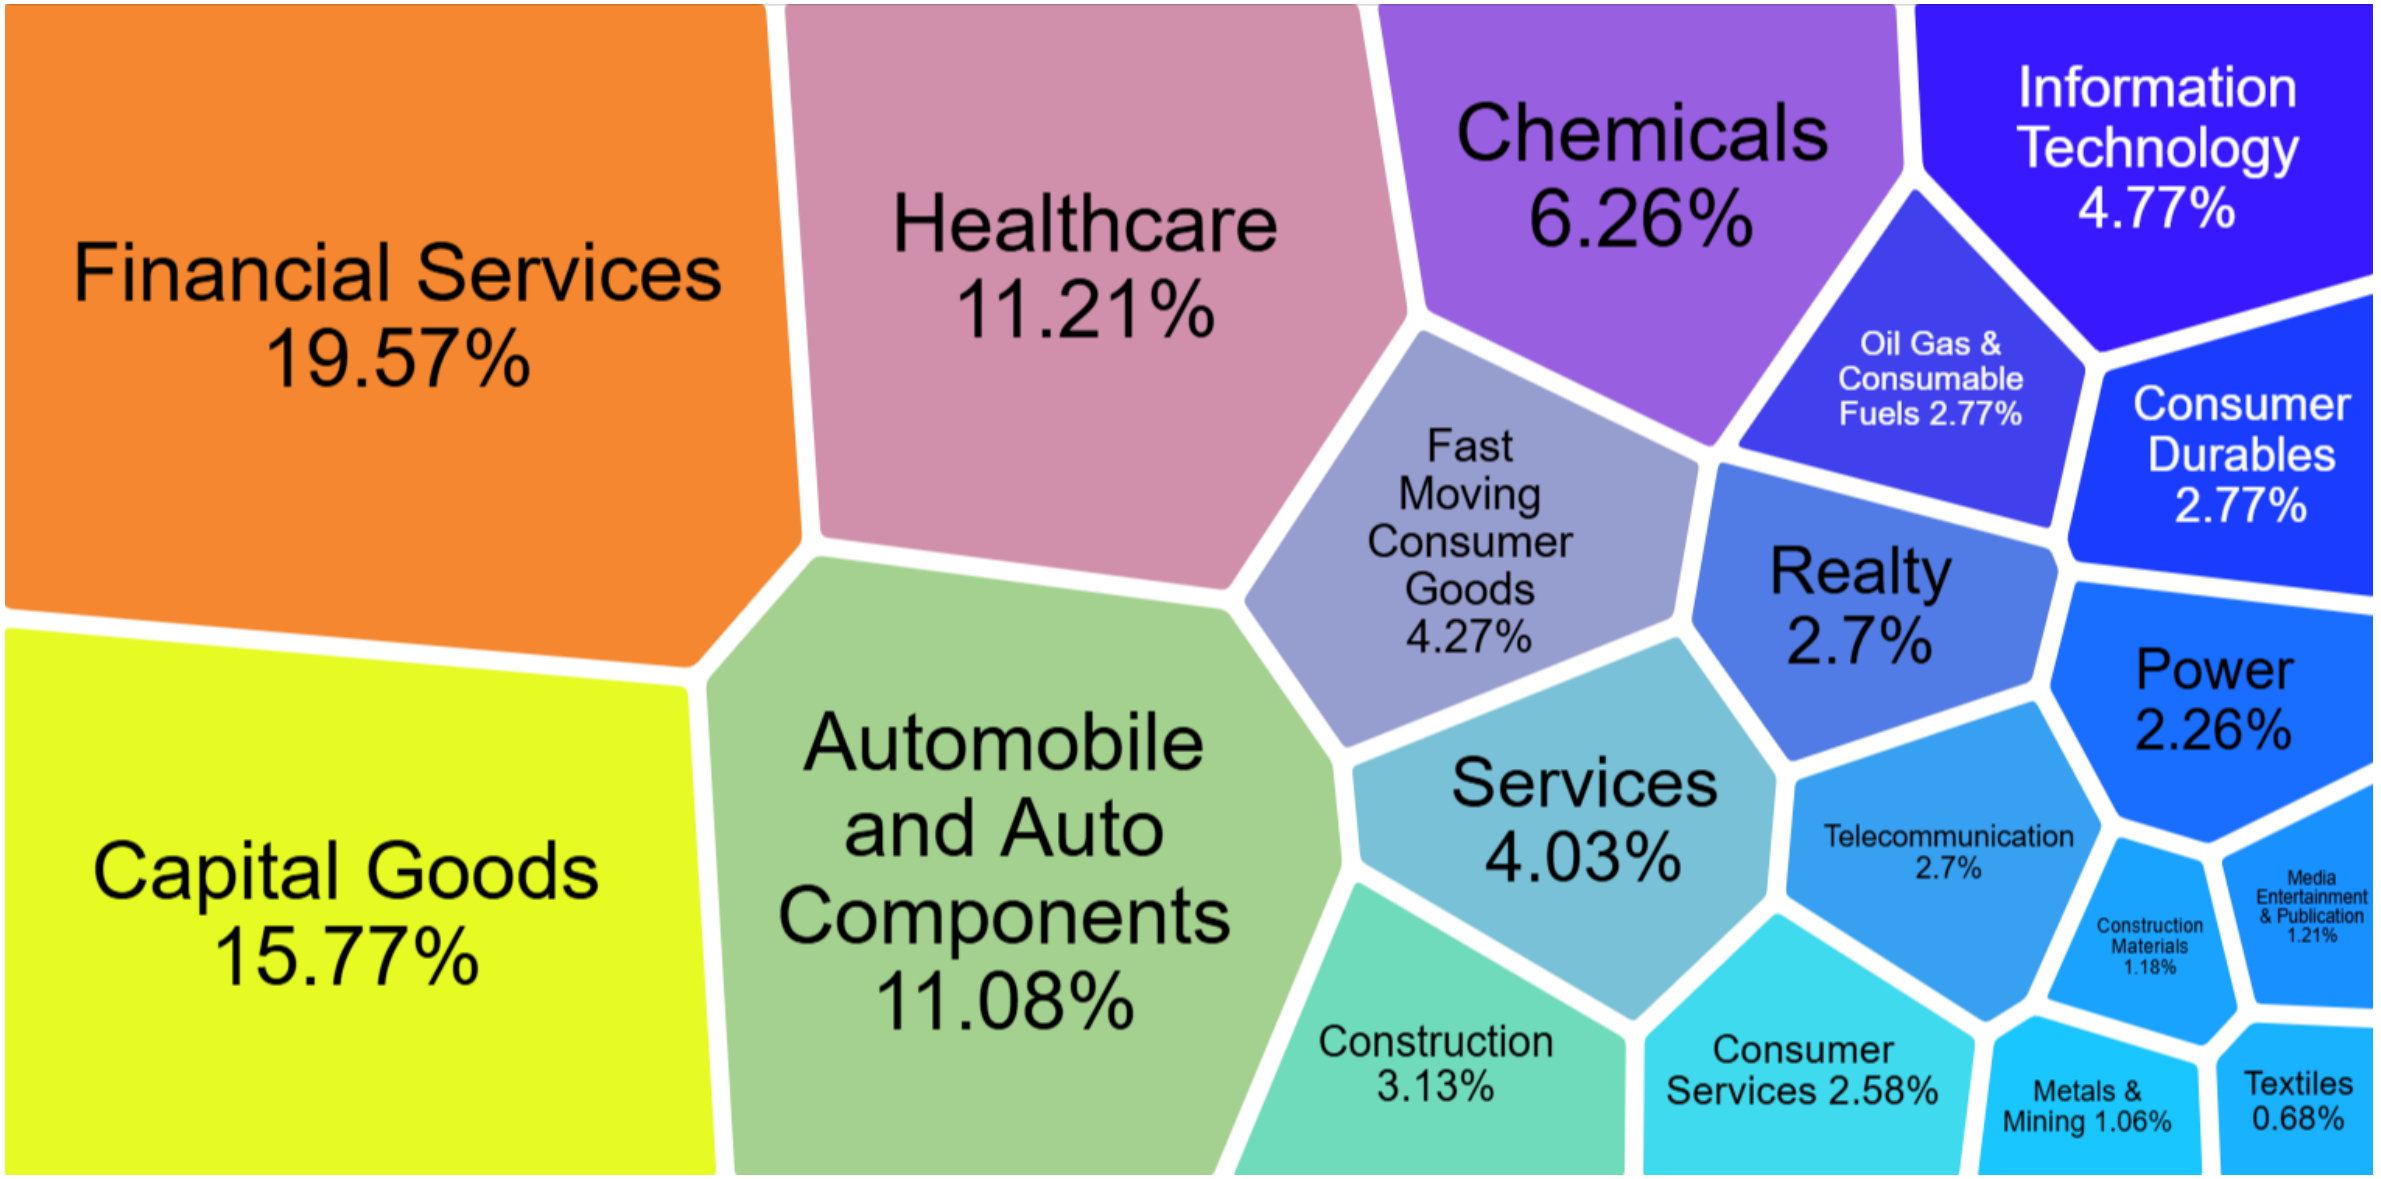
- Small Caps have relatively better diversification across sectors
- Most of the Industry Market Majors are present in Small Caps-
  - Financial Services
  - Capital Goods
  - Automobile and Auto Components
  - Healthcare

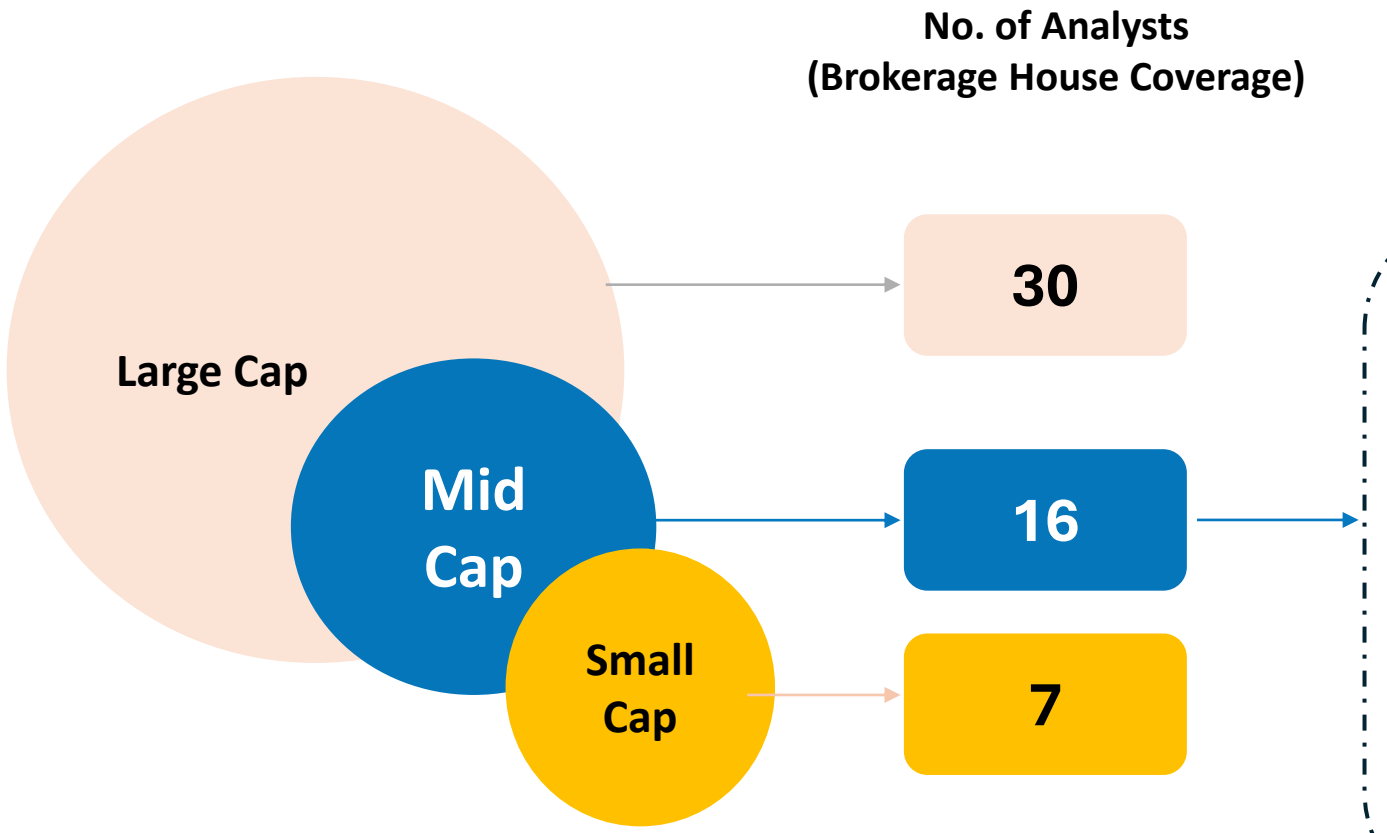
Past performance may or may not be sustained in future. Source: Internal Research , NSE Factsheet data as on Oct 30,2026.

Small Caps have Wider Sector Representation



Source: NSE, Data as on Oct 30, 2026

Small Caps Are Under-Researched

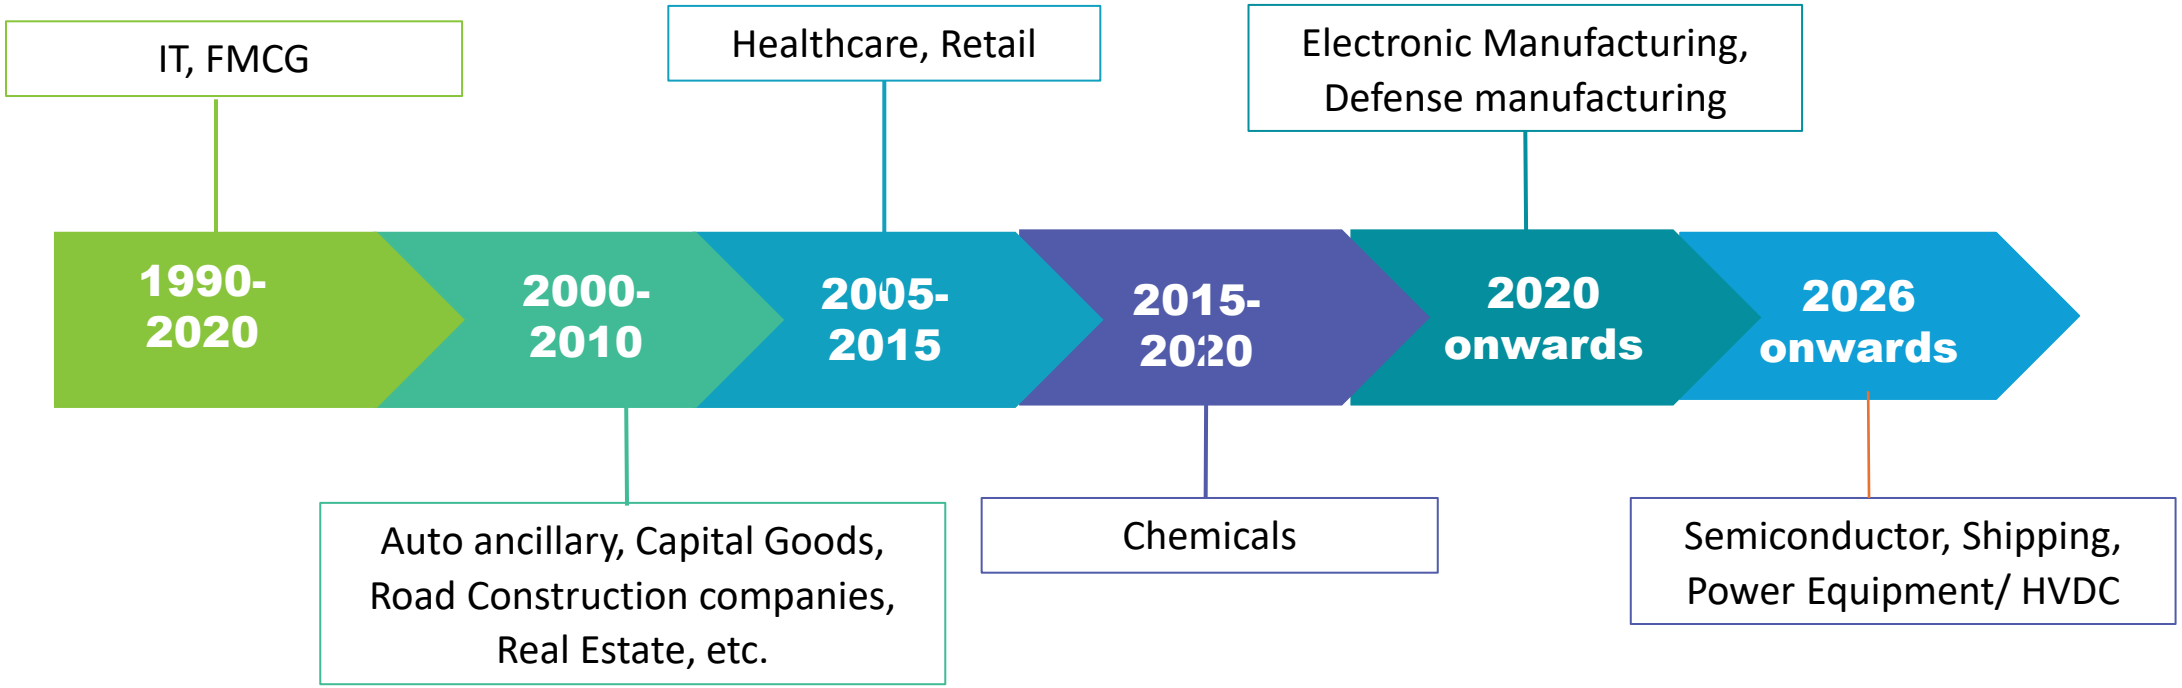


- **Small Caps have limited analyst coverage** which results in pricing inefficiencies and hidden opportunities
- **Small Caps have Information Asymmetry = Opportunity,** and an in-depth research can lead to early-stage discovery
- **Small Caps have higher potential for alpha generation;** more room for fundamental research to add value

Source: Capitaline. Brokerage House Coverage refers to the process by which brokerage firms, also known as brokerages or brokerage houses, provide analysis, research, and recommendations on various stocks. Above data considers the Median count of analyst coverage for each of the companies in the various market cap segment.

Emerging Business Once were Small Enterprises

Every 5-year new sector/theme emerges which contributes to GDP for medium to long term & when they started, they started as small cap companies



Key Opportunities on Small Cap Businesses

Bank of India Mutual Fund

High Growth Potential

- Small cap companies expand faster than established comapnies, offering investors the opportunity to benefit from early - stage growth over long investment horizons.

Better Long-Term Wealth Creation

- Better long-term wealth creation is achieved through disciplined investment in small-cap funds, where sustained business growth, combined with the power of compounding, can significantly increase overall portfolio value over longer time horizons.

Opportunity to Discover Future Leaders

- Opportunities to discover future leaders allows investors to gain early exposure to innovative and high-potential businesses, which can evolve into industry leaders, offering substantial capital appreciation as they scale and strengthen their market presence.

Diversification Advantage

- Divercification advantage enhances portfolio stability by incorporating small-cap investments that typically respond differently to market movements, helping reduce concentration risk while improving the potential for balanced and optimized long-term returns.

Positioning of Small Cap Fund

Small Cap Funds can generate relatively higher returns over the long term, though with higher volatility and risk
