Investment Strategy

For Equity Investments:

Under normal market conditions, Bank of India Multi Asset Allocation Fund would invest 35 % to 40% of its assets in a diversified portfolio constituting equity and equity related instruments across market capitalization that the Fund Manager believes have sustainable business models, and potential for capital appreciation. The Scheme would follow an actively managed approach allowing it the flexibility to pursue opportunities without having any bias in favour of sectoral allocations. The investment environment, valuation parameters and other investment criteria will determine the allocation and the investment style. Under normal market conditions and depending on the Fund Manager's views, the assets of the Scheme would be invested across stocks that represent a broad range of sectors of the economy, in order to ensure adequate portfolio diversification.

The Fund Manager would follow a top down approach to shortlist stocks for portfolio construction in line with the process outlined below. Under the top down process the Fund Manager would look at the global and Indian economy and the domestic policy environment and stock valuations. This would result in identification of themes which have a potential to outperform. The final stock selection process would be a bottoms-up process wherein stocks from the short listed themes would be picked up based on valuations. For asset allocation, the Fund Manager would take the help of qualitative framework of MVPS (Macro, Valuation, Policy and Sentiment). Sentiment would be gauged from factors like the positive/negative breadth of the market, inflows/outflows into equity mutual funds and FPI buying/selling figures.

Investment Process: Clear 5 Step Process

For Debt Investments:

The Fund Manager will follow a disciplined investment process to meet the Scheme specific investment objectives. He will endeavor to construct a well-diversified, high credit portfolio that minimizes liquidity risk and credit risk. The Fund Manager shall evaluate all the investment proposals to ensure that the credit risk is kept at the minimum level. The portfolios will be constructed in such a manner that the obligations to the investors are met at all points in time and under all circumstances. The alpha to the portfolio will be generated by managing the interest rate risk across different asset classes and duration buckets. The funds would be managed keeping the Scheme's objectives in mind and with a long term investment horizon for the fund.

Investment Process

The investment process will be a five stage process as outlined in the above diagram. The process will be research oriented. It will comprise of qualitative as well as quantitative research. Macro economic call will be taken on interest rate direction through detailed analysis of various influencing factors like inflation, money supply, government borrowing, private sector borrowing, currency market movement, central bank policy, domestic fiscal and monetary policy, global interest rate scenario and market sentiment. Interest rate direction call will be supplemented by technical analysis of market and short term influencing factors like trader position, auction/issuance of government/corporate securities, release of economic numbers etc. Interest rate direction call and anticipation of yield curve movement will form the basis of portfolio positioning in duration terms. Holding period return analysis will decide the portfolio selection.

Credit research will be done on a regular basis for all companies. Credit research will include reports as well as rating rationales and other inputs from external agencies. Both qualitative and quantitative inputs will form part of the final decision. Internal credit exposure limits, both for individual companies and groups and counterparty exposure limits for repo transactions will be part of the approved list from the risk management team.

Asset allocation will be determined based on holding period detail analysis of spread movement across different asset classes over different time periods and time buckets.

Members of the Investment team comprising Chief Investment Officer and fund managers will continuously review and analyze market movement, events and news. Trading strategy and asset allocations will be decided and reviewed on a proactive basis. The Investment team will closely coordinate with Risk Management team for all credit related issues and exposures. The Investment team at all points in time will work in a manner to maintain flexibility and responsiveness to the constantly evolving market conditions

Gold ETFs

Gold ETFs Investments in gold are considered to provide a diversification of risk away from equity and fixed income as well as a hedge against inflation for investors. The scheme may also invest in REITs and InVITs as another source of diversification of sources of potential capital appreciation and income generation.

Investment Decisions:

The investment decisions for the Scheme will be taken by the Fund Manager(s), which will be consistent with the regulatory requirements and the investment objectives of the Scheme. The Fund may additionally observe such internal guidelines as may be prescribed by the Boards of the AMC / Trustee or any internal committee. Subject to above, the day to day investment management decision will solely be of the Fund Manager of the Scheme.

All investment decisions shall be recorded. Where an investment is proposed to be made for the first time in any scrip, this will be preceded by making a detailed report justifying such investment. The performance of the Scheme shall be reviewed by Investment Committee comprising Chief Executive Officer, Chief Operating Officer, Chief Investment Officer, Head-Equity, Head-Fixed Income, Fund Managers, Head – Operations, Head – Compliance, Risk Analyst and Head - Risk at periodic intervals. Performance of the Scheme will be also

discussed and reviewed by the Boards of the AMC and the Trustee respectively, or any designated Committees, including performance vis-à-vis benchmark indices / peer group.

DEBT AND MONEY MARKET IN INDIA

The Indian debt markets are one of the largest such markets in Asia. Government and Public Sector enterprises are predominant borrowers in the market. The major players in the Indian debt markets today are banks, financial institutions, mutual funds, insurance companies, primary dealers, trusts and pension funds.

The instruments in the market can be broadly categorized as those issued by corporates, banks, financial institutions and those issued by state/ central governments.

The debt markets are developing fast, with the rapid introduction of new instruments including derivatives. Foreign Institutional Investors are also allowed to invest in Indian debt markets now. According to National Stock Exchange, the market capitalization of the Indian Bond markets is approximately ₹ 919.49 trillion as on March 31, 2023 (source: NSE Website). The money markets in India essentially consist of the Treasury bills (T-bills), Commercial Papers (CPs), Certificate of Deposits (CDs), Bill Rediscounting (BRD) and Tri-party Repos (TREPs).

The Government of India (GOI) routinely issues both T-bills and government securities for liquidity and fiscal management. The T-bills are issued as a discount to their face value whereas the government securities are issued as coupon bearing securities. The GOI had issued certain Zero Coupon Bonds (ZCB) in the past. Both the T-bills and the coupon bearing government securities are issued by RBI on behalf of GOI. Total Outstanding in the Government securities market on March 31, 2023 was ₹ 88.66 Trillion. (source: RBI website).

The Corporate bond market is also fast developing with greater number of corporates raising capital through issuances of non-convertible debentures and commercial papers. The corporates are issuing both dated coupon bearing and floating rate NCDs. The debentures and CPs are rated by rating agencies. Some of the capital is even raised through the private placement route. Of late the money market segment of the Indian debt market has become liquid and the longer dated bonds and debentures are less liquid in comparison. Currently, the corporate sector is issuing floating rate debentures linked both to the MIBOR and the INBMK (Indian G-Sec benchmark).

The debt market presently offers a variety of short term and medium term instruments with different risk and return characteristics. The various instruments currently available for investments and their indicative yield (as on January 11, 2024):

Instrument	Tenor	Yield (%)	Liquidity
T-Bills	91 days	6.90-6.95	High
	364 days	7.10-7.15	High
Commercial Papers	3 months	8.10-8.20	Medium
	6 months	8.15-8.25	Medium
	12 months	8.15-8.25	Low
Government Securities	1 year	7.05-7.15	Medium
	5 year	7.05-7.15	High
	10 years	7.10-7.20	High
Corporate Security	1 year	7.90-8.00	Medium
	2 years	7.95-8.05	Medium
Floating Rate Securities	1 Year +	Mibor/INBMK +	Very Low

The above are only indicative yields and actual yields may be influenced by various factors including general levels of interest rates, market conditions prevailing from time to time such as liquidity in the banking system, credit rating and macro-economic and political factors.

Credit Evaluation Policy

Credit Analysis at Bank of India Investment Managers Private Limited is an independent function performed by the Risk Management team. The Risk Team is responsible for evaluating, setting up and monitoring lending limits for each debt issuer. Each debt issuer (including lending limits) upon recommendation by the credit analyst has to be approved by the Risk Management Committee before being eligible for Investment.

Issuer risk limits cover the quantum of exposure and maximum investment tenor. Issuer limit's for individual Scheme are determined by its investment objectives, regulatory guidelines, internal investment risk guidelines and assets under management. Risk limits for issuers are reviewed regularly by the Risk Management Committee. Internal Investment Risk Guidelines include eligible instrument universe, maximum exposure based on credit ratings, duration limits, liquidity constraints and concentration limits.

Credit evaluation process: In-depth credit evaluation of issuers are undertaken focusing on (but not be limited to) the following:

- Business Risk assessment including economic scenario
- Industry analysis in terms of the competitive dynamics of the market in which the company / issuer operates
- Detailed financial analysis of company / issuer based on key financial ratios
- Management quality

Risk Profile of the Scheme

A. RISK FACTORS

(i) Standard Risk Factors

- Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rate of the securities in which the Scheme invests fluctuates, the value of the investment in the Scheme may go up or down. As with any investment in securities, the NAV of the Units under the Scheme can go up or down, depending on the factors and forces affecting the markets. The various factors which impact the value of the scheme's investments include, but are not limited to, fluctuations in the bond markets, fluctuations in interest rates, prevailing political and economic environment, changes in government policy, factors specific to the issuer of the securities, tax laws, liquidity of the underlying instruments, settlement periods, trading volumes etc.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- Bank of India Multi Asset Allocation Fund is only the name of the Scheme and does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- While the Schemes will endeavour to declare IDCW under IDCW option, however, there is no guarantee or assurance that such IDCW will be declared/paid and such declaration / payment is entirely subject to availability of distributable surplus.
- The Sponsor is not responsible or liable for any loss or shortfall in Scheme's corpus arising or resulting from the operation of the Scheme, beyond the initial contribution of ₹ 1,00,000/- (Rupees One Lakh only) made by it to the Fund at the time of setting up the Mutual Fund. The Associates of the Sponsor are not responsible or liable for any loss or shortfall resulting from the operation of the Scheme. However, the asset management company and the sponsor of the mutual fund shall be liable to compensate the affected investors and/or the scheme for any unfair treatment to any investor as a result of inappropriate valuation.

- (g) The present Scheme is not a guaranteed or assured return scheme and investors in the Scheme are not being offered any guaranteed / assured return.
- (h) Statements/Observations made in this Scheme Information Document are subject to the laws of the land as they exist at any relevant point of time.
- (i) Mutual Funds and securities investments are subject to market risks and the NAVs of the units issued under the scheme may go up or down depending on the factors and forces affecting the capital markets.
- (j) Growth, appreciation, IDCW and income, if any, referred to in this Scheme Information Document are subject to the tax laws and other fiscal enactments as they exist from time to time.
- (ii) Scheme Specific Risk Factors & Special Considerations**
- (a) Risk associated with investments in Equity and Equity related instruments:**
1. Equity and equity related securities are volatile and carry risk of price fluctuations on an on-going basis. The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio may result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme's portfolio.
 2. Investments in equity and equity related securities involve a degree of risk and investors should not invest in the Scheme unless they can afford to take the risk of losing their investment.
 3. The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.
 4. Within the regulatory limits, the Fund Manager may choose to invest in listed or to be listed securities that offer attractive yields. Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk, in comparison to securities that are listed on the exchanges or offer other exit options to the investor, including a put option. This may however increase the risk of the portfolio. The liquidity and valuation of the scheme investments due to their holdings of listed or to be listed securities may be affected if they have to be sold prior to their target date of disinvestments.
 5. Though the constituent stocks of most indexes are typically liquid, liquidity differs across stocks. Due to the heterogeneity in liquidity in the capital market segment, trades on this segment may not get implemented instantly.
- (b) Risk associated with investments in Bonds / Fixed Income Instruments**
1. Investments in money market instruments involve a moderate credit risk i.e. risk of an issuer's ability to meet the principal payments. Additionally, money market securities, while are fairly liquid, lack a transparent secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
 2. Fixed Income and Money market instruments may also be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of credit worthiness of the issuer of such instruments.
 3. The liquidity of investments may be restricted by trading volumes and settlement periods. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are uninvested and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. By the same token, the inability to sell securities held in the Scheme's portfolio, due to the absence of a well developed and liquid secondary market for debt securities, could result, at times, in potential losses to the Scheme, should there be a subsequent decline in the value of the securities held in the Scheme's portfolio.
 4. The NAV of the Scheme's Units, to the extent the Scheme is invested in coupon bearing fixed income securities, will be affected by changes in the general level of interest rates. When interest rates decline, the value of a portfolio of fixed income securities can be expected to rise. Conversely, when interest rates rise, the value of a portfolio of fixed income securities can be expected to decline. In case of floating rate securities it depends upon the frequency of the coupon reset.
 5. The liquidity of the scheme is inherently restricted by trading volumes in securities in which it invest.
 6. Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options.
 7. Fixed Income securities can either be listed on any exchange or deemed to be listed which includes securities credited in the account as part of IPO allotment or any corporate action. It has been seen over the years that the price discovery in case of listed securities is much quicker and transparent. Moreover, securities that are listed on the stock exchange carry lower liquidity risk, but the ability to sell these investments is limited by the overall trading volume on the stock exchanges. Now-a-days money market securities are fairly liquid, but lack a well-developed transparent secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold. This holds true when the Scheme is looking to purchase securities as well. Corporate debt market transactions in the primary and secondary market is an over the telephone market, which leads to poor price discovery and transparency. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to the collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.
 8. Investment decisions made by the Investment Manager may not always be profitable.
 9. Different types of securities in which the Schemes would invest as given in the SID carry different levels and types of risk. Accordingly, the Scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further, even among corporate bonds, bonds which are rated AAA are comparatively less risky than bonds which are AA rated.
 10. **Interest Rate Risk:** As with all debt securities, changes in interest rates will affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long term securities generally fluctuate more in response to interest rate changes than of shorter-term securities. Interest rate movements in the Indian debt markets can be volatile leading to the possibility of large price movements up or down in debt and money market securities and thereby to possibly large movements in the NAV.

In the case of floating rate instruments, an additional risk could rise because of the changes in the spreads of floating rate instruments. With the increase in the spread of floating rate instruments the prices can fall and with the contraction in the spreads of the floating rate instruments the prices can rise, other parameters being unchanged. Moreover, floating rate instruments which have periodical interest rate reset carry lower interest rate risk compared to a fixed rate debt instrument. However, in a falling interest rate scenario the returns on floating rate debt instruments may not be better than those on fixed rate debt instruments.

11. **Liquidity or Marketability Risk:** This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the quoted bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of some of these investments. Different segments of the Indian financial markets have different settlement periods, and such periods may be extended significantly by unforeseen circumstances. The length of time for settlement may affect the Scheme in the event (a) it has to meet an inordinately large number of redemption or (b) of restructuring of the Scheme's investment portfolio. Securities that are unlisted also carry a higher liquidity risk compared to listed securities.

12. **Credit Risk:** Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security). However, even if no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government Securities, there is no credit risk to that extent. However, corporate debt carries a higher risk and trade at a level higher than corresponding G-secs.

Normally, the value of a fixed income security will fluctuate depending upon the actual changes in the perceived level of credit risk as well as the actual event of default. Different types of securities in which the Scheme is invested carry different levels and types of risk. The credit risk in respect of Scheme assets portfolio thus may go up or down basis its investment pattern.

13. **Re-investment Risk:** This refers to the interest rate risk at which the intermediate cash flows received from the securities in the Scheme including maturity proceeds are reinvested. Investments in fixed income securities may carry re-investment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the debt security. Consequently, the proceeds may get invested at a lower rate.

Type of Risk	Risk Mitigation Measures
Volatility	By controlling class/ sector/ issuer exposures in debt & money market instruments to control overall portfolio volatility.
Concentration	By investing in various debt instruments such as corporate and PSU bonds, TREPS/ Repo and money market instruments of various issuers which will be from different industries/sectors.

14. **Risk Factor associated with investing in Securities Segment and Tri-party Repo trade settlement:**

Clearing Corporation of India Ltd. ('CCIL') is providing clearing and settlement services, for Triparty Repo trades in Government Securities, under its Securities Segment. CCIL would act as a Central Counterparty to all the borrow and lend Triparty Repo trades received by it for settlement. CCIL would also be performing the role responsibilities of Triparty Repo Agent, in terms of Repurchase transactions (Repo) (Reserve Bank) Directions, 2018 as amended from time to time. CCIL would settle the Triparty Repo trades, in terms of its Securities Segment Regulations.

The funds settlement of members is achieved by multilateral netting of the funds position in Triparty Repo with the funds position in Outright and Market Repo and settling in the books of RBI for members who maintain an RBI Current Account. In respect of other members, funds settlement is achieved in the books of Settlement Bank. Securities settlement for Triparty Repo trades shall be achieved in the Gilt Account of the Member maintained with CCIL. Securities obligation for outright and market repo trades shall be settled in the SGL / CSGS account of the Member with RBI.

Bank of India Mutual Fund is a member of securities segment and Tri-party Repo trade settlement of the CCIL. Since all transactions of the Fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL, it reduces the settlement and counterparty risks considerably for transactions in the said segments.

To mitigate the potential losses arising in case any member defaults in settling the transactions routed through CCIL, CCIL maintains a Default Fund. CCIL shall maintain two separate Default Funds in respect of its securities segment, one to meet the losses arising out of any default by its members from outright and repo trades and other for meeting losses arising out of any default by its members from Triparty Repo trades.

In case any clearing member fails to honor his settlement obligations, the Default Fund is utilized to complete the settlement applying the Default Waterfall Sequence. As per the said waterfall mechanism, after the defaulter's margins and defaulter's contribution to default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution, if there is still a loss to be met, then contribution of non-defaulting members to Default Fund is utilized to meet the said loss.

The Scheme is subject to the risk of losing initial margin and contribution to Default Fund in the event of failure of any settlement obligation. Further the Scheme's contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).

Further, CCIL periodically prescribes a list of securities eligible for contribution as collaterals by members. Presently, all Central Government Securities and Treasury Bills are accepted as collaterals by CCIL. The above risk factor may undergo a change in case the CCIL notifies securities other than Government of India Securities as eligible for contributions as collateral.

15. **Repurchase Risk:** The Scheme is open-ended. To provide liquidity to the investors, the Fund proposes to provide repurchase facility in the Scheme on every Business Day.

16. **Performance Risk:** Performance of the Scheme may be impacted with changes in factors which affect the equity market and debt market.

17. **Legislative Risk:** This is the risk that a change in the tax code could affect the value of taxable or tax exempt interest income.

18. **Duration Risk:** Fixed Income securities of any issuer that has higher duration could be more risky in terms of price movements relative to those with lower duration. Thus any impact of interest rate changes would be higher on securities with higher duration irrespective of the status of the issuer of the security.

19. **Counterparty Risk:** This is the risk of failure of counterparty to the transaction to deliver securities against consideration received or to pay consideration against securities delivered, in full or in part or as per the agreed specification. There could be losses to the Scheme in case of counterparty default.

20. **Inflation Risk:** Inflation causes tomorrow's currency to be worth less than today's; in other words, it reduces the purchasing power of a bond investor's future interest payments and principal, collectively known as "cash flows." Inflation also leads to higher interest rates, which in turn leads to lower bond prices. Inflation indexed securities such as Treasury Inflation Protection Securities (TIPS) are structured to remove inflation risk.
21. **Basis Risk:** The underlying benchmark of a floating rate security or a swap might become less active or may cease to exist and thus may not be able to capture the exact interest rate movements, leading to loss of value of the portfolio.
22. **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.
23. **Settlement Risk:** Fixed income securities run the risk of settlement which can adversely affect the ability of the fund house to swiftly execute trading strategies which can lead to adverse movements in NAV.
24. **Pre-payment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.

(iii) Risk associated with investments in Derivatives

- Counter Party Risk: This is the risk of default of obligations by the counter party.
- Market risk: Derivatives carry the risk of adverse changes in the market price.
- Illiquidity risk: The risk that a derivative cannot be sold or purchased quickly enough at a fair price, due to lack of liquidity in the market.
- Basis Risk: the risk that the movements in swap rates does not actually reflect the expected movement in benchmark rates, thus, creating a mismatch with what was intended.

The Fund may use permitted derivative instruments like exchange traded options and futures or other derivative instruments as may be permitted from time to time.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability to identify such opportunities as well as to manage risks arising thereby. Identification and execution of the strategies to be pursued involve uncertainty and investment decisions may not always be profitable. No assurance can be given that the Fund Manager will be able to identify or execute such strategies.

Derivative investments carry certain risks and issues arising out of such dealings. The risks associated with the use of derivatives - either for hedging or for portfolio balancing - are different from, and possibly greater than, the risks associated with investing directly securities and other traditional investments.

Certain other risks, one or more, that may arise consequent to use of derivatives are: risk of mispricing or improper valuation of derivatives, credit risk arising out of counterparty failing to honour its commitment, liquidity risk where the derivatives cannot be sold at prices that reflect the underlying assets, rates and indices, and price risk where the market price may move in adverse fashion.

Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to manage the risks as a result of the possible failure of the counterparty to comply with the terms of the derivative contract.

Risk Associated with Covered Call Strategy:

- The underlying security may fall by more than the option premium earned, thereby exposing the strategy to downside risks.
- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

(iv) Risk associated with Securities Lending

The securities forming assets of the Scheme may be lent in accordance with the prevailing securities lending Regulations. The leading to arising of certain risks associated with the securities lending activity including counter party risk, possible loss of rights to the collateral put up by the borrower of the securities, inability of the approved intermediary to return the securities, timely or otherwise, deposited by the lender and likely loss of corporate benefits accruing to the lender in respect of the securities lent. The Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

(v) Risks associated with transactions in units through Stock Exchange Mechanism

In respect of transactions in Units of the Scheme through NSE and/ or BSE or any other recognised stock exchange allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by NSE, BSE or such other exchange and their respective clearing corporations on which the Fund has no control. Further, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by NSE, BSE or such other recognized exchange in this regard.

(vi) Risk Factors Associated with Investments in REITs and InvITs:

- (a) Market Risk:** REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC/ Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. The NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures.
- (b) Liquidity Risk:** As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
- (c) Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or IDCW pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns. The above are some of the common risks associated with investments in REITs & InvITs. There can be no assurance that a Scheme's investment objectives will be achieved, or that there will be no loss of capital. Investment results may vary substantially on a monthly, quarterly or annual basis.

	<p>(vii) Risks associated with Segregated Portfolio</p> <p>a) Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer.</p> <p>b) Security(ies) held in segregated portfolio may not realize any value.</p> <p>c) Listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.</p> <p>(viii) Risks associated with Gold ETF</p> <p>The Scheme shall invest in Gold ETFs and Gold related instruments (including derivatives, sovereign gold deposit schemes etc. as and when SEBI/ RBI permits). Accordingly, the NAV of the scheme will react to Gold price movements. There is no assurance that gold will maintain its long term value in terms of purchasing power. In the event of price of gold declines, the value of investment in Units of the Scheme is expected to decline proportionately.</p>																																				
Plans and Options	<p>The Scheme has two plans viz. Regular Plan and Direct Plan. Each of the Plan shall offer the following Option(s):</p> <ul style="list-style-type: none"> • Growth Option • IDCW Option (Re-investment of IDCW and payout of IDCW option) <p>Income Distribution cum Capital Withdrawal ("IDCW") is at the discretion of the Trustees and subject to available distributable surplus.</p> <p>Direct Plan is only for investors who purchase /subscribe Units in the Scheme directly with the Fund and is not available for investors who route their investments through a Distributor and is offered in accordance with Para 2.5 of the SEBI Master Circular dated May 19, 2023, Investments under Direct Plan can be made through various modes offered by the Fund for investing directly with the Fund (except Stock Exchange Platform(s) and all other Platform(s) where investors' applications for subscription of units are routed through Distributors). Further Registered Investment Advisors (RIAs) can also purchase units of Direct Plan on behalf of their clients through MFSS Platform/MF Utility Platform /NMF-II platform of National Stock Exchange of India Ltd. and/or BSE StAR MF System of BSE Ltd.</p> <p>There shall be a single portfolio under the scheme.</p> <p>For further details investor may refer to the "Plans/Options offered" section in the SID.</p>

Additional expenses under regulation 52 (6A) (c)#	Upto 0.05%
Additional expenses for gross new inflows from specified cities under Regulation 52 (6A) (b)	Up to 0.30%

In terms of para 10.1 of SEBI Master circular dated May 19, 2023, in case exit load is not levied / not applicable, the AMC shall not charge the said additional expenses.

The purpose of the table is to assist the investor in understanding the various costs and expenses to be borne by the Scheme. Apart from the above expenses, any other expenses which are directly attributable to the Scheme, may be charged with the approval of the Trustee within overall limits as specified in the Regulations except those expenses which are specifically prohibited.

Investment Management and Advisory Fees charged by the AMC to the Scheme shall be within the total expense limit as prescribed under Regulation 52 of the Regulations with no sub-limits on said management and advisory fees.

The annual total of all permissible recurring charges and expenses of the Scheme including Investment Management and Advisory Fees as mentioned in the above table, shall be subject to the following limits as specified in Regulation 52(6) of the Regulations:

Scheme's daily net assets (Amount ₹)	Maximum Permissible Annual Recurring charges and expenses (% of daily net assets)
On first ₹ 500 crore of the daily net assets	2.00%
On the next ₹ 250 crore of the daily net assets	1.75%
On the next ₹ 1250 crore of the daily net assets	1.50%
On the next ₹ 3,000 crores of the daily net assets	1.35%
On the next ₹ 5,000 crores of the daily net assets	1.25%
On the next ₹ 40,000 crores of the daily net assets	TER reduction of 0.05% for every increase of ₹ 5,000 crores or part thereof
On the balance of net assets of the daily net assets	1.05%

Provided that the expenses as per the list as provided by AMFI, which are very small in value but high in volume may be paid out of AMC's books. Unitholders' Information, Account Statement/ Consolidated Account Statement (CAS)	<p>Allotment: The process of allotment of units will be completed within 5 (five) business days from the date of closure of the New Fund Offer Period.</p> <p>Under Regulation 36(4) of SEBI (Mutual Funds) Regulations, 1996, the AMC/ RTA is required to send consolidated account statement for each calendar month to all the investors in whose folio transaction has taken place during the month. Further, as per SEBI Master Circular dated May 19, 2023, in order to enable a single consolidated view of all the investments of an investor in Mutual Fund and securities held in demat form with Depositories, has required Depositories to generate and dispatch a single consolidated account statement for investors having mutual fund investments and holding demat accounts.</p> <p>In view of the said requirements the account statements for transactions in units of the Fund by investors will be dispatched to investors in following manner:</p> <p>I. Investors who do not hold Demat Account</p> <p>Consolidated account statement ^, based on PAN of the holders, shall be sent by AMC/ RTA to investors not holding demat account, for each calendar month within 15th day of the succeeding month to the investors in whose folios transactions have taken place during that month.</p> <p>Half yearly CAS shall be sent to investors who have transacted/not transacted during the last 6 months. This statement will contain the details of the brokerage and the expense ratio charged to the Investor based on his holdings transacted during the six months' period. The CAS shall also contain a disclosure of segregation between income distribution (appreciation on NAV) and capital distribution (Equalization Reserve). The AMC shall ensure that the CAS for half year is issued on or before twenty first day of the succeeding month</p> <p>^ Consolidated account statement sent by AMC/RTA is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, Payout of IDCW, Reinvestment of IDCW, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month.</p>		

II. Investors who hold Demat Account

Consolidated account statement ^ ^ , based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each calendar month within 15th day of the succeeding month to the investors in whose folios transactions have taken place during that month.

Half yearly CAS shall be sent to investors who have transacted/not transacted during the last 6 months. This statement will contain the details of the brokerage and the expense ratio charged to the Investor based on his holdings transacted during the six months' period. The CAS shall also contain a disclosure of segregation between income distribution (appreciation on NAV) and capital distribution (Equalization Reserve). The AMC shall ensure that the CAS for half year is issued on or before twenty first day of the succeeding month. In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send account statement in terms of regulations applicable to the depositories.

^ ^ Consolidated account statement sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, Payout of IDCW, Reinvestment of IDCW, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month

Following provisions shall be applicable to CAS sent through AMC/ RTA and CAS sent through depositories:

- a. Investors are requested to note that for folios which are not included in the CAS, AMC shall henceforth issue monthly account statement to the unit holders, pursuant to any financial transaction done in such folios; the monthly statement will be sent on or before tenth day of succeeding month. Such statements shall be sent in physical form if no email id is provided in the folio.
- b. The statement sent within the time frame mentioned above is provisional and is subject to realisation of payment instrument and/or verification of documents, including the application form, by the RTA/AMC.
- c. In the event the folio/demat account has more than one registered holder, the first named Unit holder/Account holder shall receive the CAS (AMC/RTA or Depository). For the purpose of CAS (AMC/RTA or Depository), common investors across mutual funds/depositories shall be identified on the basis of PAN. Consolidation shall be based on the common sequence/order of investors in various folios/demat accounts across mutual funds/ demat accounts across depository participants.
- d. Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN.
- e. For Unit Holders who have provided an e-mail address in KYC records, the CAS will be sent by e-mail.
- f. The Unit Holder may request for a physical account statement by writing to/calling the AMC/RTA. In case of a specific request received from the unit holders, the AMC/RTA shall provide the account statement to the unit holders within 5 business days from the receipt of such request.
- g. Account Statements shall not be construed as proof of title and are only computer printed statements indicating the details of transactions under the Schemes during the current financial year and giving the closing balance of Units for the information of the Unit Holder.
- h. Non-transferable Unit Certificates will be sent, if an applicant so desires, within 5 Business Days of the receipt of a request for the certificate. Unit Certificates will not be issued for any fractional Units entitlement.
- i. There are no restrictions on transfer of Units of the Scheme. Further, additions/deletions of names will not be allowed under any folio of the Scheme. However, the said provisions will not be applicable in case a person (i.e. a transferee) becomes a holder of the Units by operation of law or upon enforcement of pledge, then the AMC shall, subject to production of such satisfactory evidence and submission of such documents, proceed to effect the transfer, if the intended transferee is otherwise eligible to hold the Units of the Scheme.

The said provisions in respect of deletion of names will not be applicable in case of death of a Unit holder (in respect of joint holdings) as this is treated as transmission of Units and not transfer.

The Trustee reserves the right to make the Units transferable at a later date subject to SEBI (MF) Regulations issued from time to time.

Annual report:

The Scheme annual report or an abridged summary thereof shall be mailed (emailed, where email id is provided unless otherwise required) to all Unit holders not later than four months (or such other period as may be specified by SEBI from time to time) from the date of closure of the relevant accounting year (i.e. 31st March each year) and full annual report shall be available for inspection at the Head Office of the Mutual Fund and a copy shall be made available to the Unit holders on request. Scheme wise annual report shall also be displayed on the website of the Mutual Fund (www.boimf.in) and on the website of Association of Mutual Funds in India (www.amfiindia.com).

Bank of India Balanced Advantage Fund aims at providing long term capital appreciation / income from a dynamic mix of equity and debt investments. There is no assurance that the investment objectives of the Scheme will be realized and the Scheme does not assure or guarantee any returns.	The scheme's objective is to provide capital appreciation and income distribution to investors from a portfolio constituting of mid and small cap equity and equity related securities as well as fixed income securities. However there can be no assurance that the income can be generated, regular or otherwise, or the investment objectives of the Scheme will be realized.
Investment Strategy	Under normal market conditions, the Scheme would invest predominantly in a diversified portfolio constituting equity and equity related instruments of companies that the Fund Manager believes have sustainable business models, and potential for capital appreciation. The Scheme would follow an actively managed approach without any sectoral bias. The Fund would invest predominantly in large cap (35 to 65%) and mid cap (35 to 65%) companies while having the flexibility to also invest up to 30% in small cap companies. The investment environment, valuation parameters and other investment criteria will determine the allocation and the investment style. The Fund Manager would follow a top down approach to shortlist stocks for portfolio construction in line with the process outlined below. Under the top down process the Fund Manager would look at the global and Indian economy and the domestic policy environment and stock valuations. This would result in identification of themes which have a potential to outperform. The final stock selection process would be a bottoms-up process wherein stocks from the short listed themes would be picked up based on valuations. For asset allocation, the Fund Manager would take the help of qualitative framework of MVPS (Macro, Valuation, Policy and Sentiment). Sentiment would be gauged from factors like the positive/negative breadth of the market, inflows/outflows into equity mutual funds and FI buying/selling figures. Who should invest in the scheme	<p>Bank of India Large & Mid Cap Equity Fund is an open ended equity scheme investing predominantly in large cap and mid cap stocks. The scheme can also invest upto 30% of its portfolio in small cap stocks. Being a diversified fund, the scheme it would be less volatile as compared to a thematic or sectoral fund. However, equity shares with a mid or small market capitalization are typically more volatile than as compared to shares having large market capitalizations. Hence, the performance of the fund could be more volatile as compared to a fund that invests only in companies with large market capitalizations. The fund is thus suited to investors with some prior experience in equity investing or even for first time equity investors who are aware of the risk associated with investing in equities, particularly with regard to mid and small capitalization companies.</p>	<p>BOITAF is an ELSS and hence suited for investors who wish to avail of a deduction of income under Sec 80 C of Income Tax Act.</p> <p>BOITAF being an Equity Linked Savings Schemes (ELSS) has a 3 year lock-in period.</p> <p>The fund is suitable for investors with a long-term investment horizon. In terms of fund management, the 3 year lock-in period gives the fund manager the comfort of planning his investments with a long-term horizon.</p>	<p>BOIMIF is a manufacturing and infrastructure sector fund. Unlike a fully diversified equity fund, the portfolio concentration of this Scheme would be higher and hence the fund is expected to be more volatile. However, over a long term, the Scheme will benefit by the sustained focus on manufacturing and infrastructure development in India.</p> <p>The Scheme would be more suitable for investors who are desirous of increasing their exposure to manufacturing and infrastructure sector in their personal equity portfolio.</p> <p>Thus, this Scheme could act as a "top up" over existing investments of such investors in diversified equity funds. However, for a first time investor, it might still be advisable to initially start his investment with a diversified equity fund.</p>	<p>By dynamic asset allocation, the scheme aims to reduce volatility as compared to a pure equity fund.</p> <p>Thus, the scheme is suited to the more conservative investors or even first time investors in equities.</p> <p>However, since the fund would normally have exposure to equities, investors should be aware of the risk associated with equity investments.</p>	<p>BOIMSEDF is a Equity fund investing in mid and small cap equity stocks (i.e. not part of the top 100 stocks by market capitalization) as well as fixed income securities.</p> <p>While the fixed income component of the portfolio is expected to provide some buffer from the volatility of mid and small caps, a 65% portion of the portfolio will always be invested in mid cap equities.</p> <p>Hence, investors must understand the higher risk and volatility involved with investing in mid and small caps as compared to large cap stocks.</p>

Objective/ Purpose of the Scheme	The investment objective of the scheme is to generate long term capital appreciation by investing predominantly in equity and equity-related securities of small cap companies. However, there can be no assurance that the investment objectives of the Scheme will be realized.	To generate income through arbitrage opportunities between cash and derivative segments of the equity market and arbitrage opportunities within the derivative segment and by deployment of surplus cash in debt securities and money market Instruments. However, there can be no assurance that the investment objectives of the Scheme will be realized.	The investment objective of the scheme is to generate long term capital appreciation by investing predominantly in equity and equity related Securities across various market capitalization. However, there can be no assurance that the investment objectives of the Scheme will be realized.	The investment objective of the scheme is to provide investors with the opportunities long term capital appreciation by investing predominantly in equity and equity-related instruments of large cap companies. However, there can be no assurance that the investment objectives of the Scheme will be realized.	The investment objective of the scheme is to generate long term capital appreciation by investing in equity and equity-related securities across various market capitalisation. Investment Strategy	Under normal market conditions, BOISCF would invest 65% to 100% of its assets in a diversified portfolio constituting equity and equity related instruments of small cap companies that the Fund Manager believes have sustainable business models, and potential for capital appreciation. The fund also has the flexibility to invest upto 35% of its assets in equity & equity related instruments of companies other than small cap companies. The Schemes would follow an actively managed approach allowing it the flexibility to pursue opportunities without having any bias in favour of sectoral allocations. The investment environment, valuation parameters and other investment criteria will determine the allocation and the investment style. Under normal market conditions and depending on the Fund Manager's views, the assets of the Scheme would be invested across stocks that represent a broad range of sectors of the economy, in order to ensure a adequate portfolio diversification. The Fund Manager would follow a top down approach to shortlist stocks for portfolio construction in line with the process outlined below. Under the top down process the Fund Manager would look at the global and Indian economy and the domestic policy environment and stock valuations. This would result in identification of themes which have a potential to outperform. The final stock selection process would be a bottoms-up process wherein stocks from the short listed themes would be picked up based on valuations. For asset allocation, the Fund Manager would take the help of qualitative framework of MVPS (Macro, Valuation, Policy and Sentiment). Sentiment would be gauged from factors like the positive/negative breadth of the market, inflows/outflows into equity mutual funds and FII buying/selling figures.	The fund manager will evaluate price mismatch of a security between spot price (cash market) and futures market. If the price of a stock in the futures market is higher than in the cash market, after adjusting for cost and taxes, the schemes shall buy the stock in the spot market and sell the same stock in equal quantity in the futures market simultaneously. The Fund will endeavor to build similar market neutral positions that offer an arbitrage potential for e.g. buying the basket of index constituents in the cash segment and selling the index futures and selling the corresponding stock future etc. The Scheme would also look to avail of opportunities between futures contracts of different months. However, under defensive circumstance fund may change when in the event of a adequate arbitrage opportunities not being available in the equity and derivative markets.	Under normal market conditions, Bank of India Flexi Cap Fund would invest 65% to 100% of its assets in a diversified portfolio constituting equity and equity related instruments across market capitalization that the Fund Manager believes have sustainable business models, and potential for capital appreciation. Differentiation factors	Bank of India Small Cap Fund (BOISCF)	Bank of India Arbitrage Fund (BOIAF)	Bank of India Flexi Cap Fund (BOIFCF)	Bank of India Bluechip Fund (BOIBF)	Bank of India Multi Cap Fund (BOIMCF)
Who should invest in the scheme	BOISCF is an Equity fund investing in small cap equity stocks (i.e. not part of the top 251 stocks by market capitalization) as well as fixed income securities. While the fixed income component of the portfolio is expected to provide some buffer from the volatility of small caps, a 65% portion of the portfolio will always be invested in small cap equities. Hence, investors must understand the higher risk and volatility involved with investing in small caps as compared to large cap stocks.	BOIAF is a scheme investing in arbitrage opportunities arising between cash and derivative segments of the equity market and arbitrage opportunities within the derivative segment. Fund tries to generate minimal volatility by investing in equity, arbitrage strategies which fully offset the equity exposure and investments in debt instruments. However, there can be no assurance that the investment objective of the Scheme will be realized.	Bank of India Flexi Cap scheme is an open ended equity scheme investing in all the market capitalization stocks (Large, Mid and Small cap). This fund would be better suited for investors who are looking to balance risk and volatility in a single portfolio and those who have a moderate risk appetite for equities. Investors looking for a fund with a dynamic investment strategy and having long-term financial goals should also consider this fund.	BOIBF is an Equity fund investing in Large cap equity stocks (i.e. 1st of 100th stocks by market capitalization). The scheme can also invest upto 20% of its portfolio in Mid & Small cap stocks. The fund is suited to investors with conservative risk profile or first time investors.	Investors willing to capitalise on the investment opportunities available across the market capitalisation segments may consider investing with Multicap funds.

5. REDEMPTION/ DIVIDEND REMITTANCE

The Fund reserves the right to issue a payment instrument in place of this direct credit facility, and will not be responsible for any delay on the part of the bank for executing the direct credit. The AMC may alter the list of the banks participating in direct credit arrangement from time to time / withdraw direct credit facility from the banks, based on its experience of dealing with any of these banks or add / withdraw the name of the bank with which the direct credit facility arrangements can be introduced/discontinued, as the case may be.

6. NOMINATION

- a. Filling the nomination details with full address is mandatory for individuals applying for / holding units on their own behalf singly and optional for joint holding. Nonindividuals including society, trust, body corporate, partnership firm, Karta of Hindu Undivided Family (HUF), holder of Power of Attorney cannot nominate. All joint holders will sign the nomination form. Nomination is not allowed in case the first applicant is a minor. Nomination form cannot be signed by Power of Attorney (PoA) holders.
- b. Even those investors who do not wish to nominate must tick confirming their non-intention to nominate.
- c. All payments and settlements made to such nominee and signature of the Nominee acknowledging receipt thereof, shall be a valid discharge by the AMC/Mutual Fund/ Trustees.
- d. A minor can be nominated and in that event, the name, relationship and address of the guardian of the minor nominee shall be provided by the unit holder. Guardian of the minor should either be a natural guardian (i.e. father or mother) or a court appointed legal guardian. Nomination can also be in favour of the Central Government, State Government, a local authority, any person designated by virtue of his office or a religious or charitable trust.

e. The Nominee shall not be a trust (other than a religious or charitable trust), society, body corporate, partnership firm, Karta of Hindu Undivided Family or a Power of Attorney holder. A non-resident Indian can be a Nominee subject to the exchange controls in force, from time to time.

- f. Nomination in respect of the units stands withdrawn upon the transfer of units.
- g. Every new nomination for a folio/account will overwrite the existing nomination.
- h. Transfer of units in favour of a Nominee shall be valid discharge by the Asset Management Company (AMC) against the legal heir.

i. The cancellation of nomination can be made only by those individuals who hold units on their own behalf, singly or jointly and who made the original nomination and the request has to signed by all the holders.

j. On cancellation of the nomination, the nomination shall stand withdrawn and the AMC shall not be under any obligation to transfer the units in favour of the Nominee.

k. Nomination can be made for maximum number of three nominees. In case of multiple nominees, the percentage of allocation/share in favour of each of the nominees should be indicated against their name and such allocation/share should be in whole numbers without any decimals making a total of 100 percent.

l. A Power of Attorney Holder (PoA) and a guardian investing in mutual fund units on behalf of a minor cannot nominate.

So far as a minor is concerned, a guardian is appointed to take care of financial affairs of a minor till the minor attains the age of majority. Transactions made through the guardian during the period a child is a minor has to be ratified by the minor subsequent to attaining the age of majority. Hence, law does not permit the guardian to be a nominee in the same account, as it shall be the sole discretion of minor after attaining age of majority.

m. Transmission Facility

Person(s) claiming transmission of units in his/their name(s) are required to submit prescribed documents, the details of which can be referred on the Fund's website (www.boimf.in) or obtained from Registrar of the Fund. Required documents would inter alia include request letter, attested/notarized copy of death certificate of deceased unit holder, KYC acknowledged/remaining unit holders, if not given, or of Nominee/claimant, indemnity bond if the value of units involved is equal to or exceeds ₹ 200,000 (or such other amount the AMC/ Trustee may decide from time to time).

Transmissions will be effected only upon receipt of all required documents.

7. E-MAIL COMMUNICATION:

Delivering service through the internet & web-based services such as e-mail is a more efficient delivery channel. When an investor has communicated his / her e-mail address and provided consent for sending communication only through email, the Mutual Fund / Registrars are not responsible for email not reaching the investor and for all consequences thereof. The Investor shall from time to time intimate the Mutual Fund/ its transfer agents about any changes in the email address. In case of a large document, a suitable link would be provided and investor can download, save and print these documents. However, the investor always has a right to demand a physical copy of any or all the service deliverables, and the Fund would arrange to send the same to the investor. Account statements will be sent via email, by default, to investors who have provided their email ID, unless specified otherwise. It is deemed that the Unit holder is aware of all the security risks associated with online communication, including the possibility of third party interception of the documents sent via email.

8. INVESTMENT/SUBSCRIPTION MADE THROUGH THIRD PARTY CHEQUE(S) WILL NOT BE ACCEPTED.

Third party cheque(s) for this purpose are defined as: (i) Investment made through instruments issued from an account other than that of the beneficiary investor, (ii) in case the investment is made from a joint bank account, the first holder of the mutual fund folio is not one of the joint holders of the bank account from which payment is made.

Third party cheque(s) for investment/subscription shall be accepted, only in exceptional circumstances, as detailed below:

- 1) Payment by Parents/Grand-Parents/related persons on behalf of a minor in consideration of natural love and affection or as gift for a value not exceeding ₹ 50,000/- (each regular purchase or per SIP instalment). However this restriction will not be applicable for payment made by a guardian whose name is registered in the records of Mutual Fund in that folio.
- 2) Custodian on behalf of a Foreign Portfolio Investor (FPI) or a client.
- 3) Payment by Employer on behalf of employee under Systematic Investment Plans or lump sum/one-time subscription, through Payroll deductions. Asset management companies should exercise extra due diligence in terms of ensuring the authenticity of such arrangements from a fraud prevention and KYC perspectives.

The above mentioned exception cases will be processed after carrying out necessary checks and verification of documents attached along with the purchase transaction slip/application form, as stated below:

- 1) Determining the identity of the Investor and the person making payment i.e. mandatory Know Your Client (KYC) for Investor and the person making the payment.
- 2) Obtaining necessary declaration from the Investor/unitholder and the person making the payment. Declaration by the person making the payment should give details of the bank account from which the payment is made and the relationship with the beneficiary.
- 3) Verifying the source of funds to ensure that funds have come from the drawer's account only.

In case of investment/subscriptions made via Pay Order, Demand Draft, Banker's cheque, RTGS, NEFT, ECS, bank transfer, net banking etc. Following additional checks shall be carried out:

- 1) If the investment/subscription is settled with pre-funded instruments such as Pay Order, Demand Draft, Banker's cheque, etc., a Certificate from the Issuing banker must accompany the purchase application, stating the Account holder's name and the Account number which has been debited for issue of the instrument. The funds should be debited from a pre-registered pay in account available in the records of the Mutual fund, or from the account of the first named unit holder. Additionally, if a pre-funded instrument issued by the Bank against cash, it shall not be accepted for investments of ₹ 50,000/- or more. Such pre-funded instrument issued against cash payment of less than ₹ 50,000/- should be accompanied by a certificate from the banker giving name, address and PAN (if available) of the person who has requested for the demand draft.
- 2) If payment is made by RTGS, NEFT, ECS, bank transfer, etc., a copy of the instruction to the bank stating the account number debited must accompany the purchase application. The account number mentioned on the transfer instruction should be from pay in account available in the records, or from the account of the first named unit holder. Investors are requested to note that AMC reserves right to have additional checks of verification for any mode of payment received. AMC reserves the right to reject the transaction in case the payment is received in an account not belonging to the first unit holder of the mutual fund.

In case of investors with multiple accounts, in order to ensure smooth processing of investor transactions, it is advisable to register all such accounts, as the investments/ subscriptions received from the said multiple accounts shall be treated as 1st party payments. Refer Third Party Payment Declaration form available on www.boimf.in or at any of the AMC's branch offices.

9. KNOW YOUR CUSTOMER (KYC) COMPLIANCE:

a. KYC registered under KYC Registration Agency (KRA):

Units held in account statement (non-demat) form

It is mandatory for the Investors to quote the KYC Compliance Status of each applicant (guardian in case of minor) in the application and attach proof of KYC Compliance viz. KYC Acknowledgement Letter for all purchases/ switches/ registrations for Systematic Investment Plan (SIP)/ Systematic Transfer Plan (STP)/ Dividend Transfer Plan (DTP). Applicants intending to apply for units through a Power of Attorney (PoA) must ensure that the issuer of the PoA and the holder of the PoA must mention their KYC Compliance Status and attach proof of KYC Compliance at the time of investment.

SEBI has introduced a common KYC Application Form for all the SEBI registered intermediaries. New investors are therefore requested to use the common KYC Application Form and carry out the KYC process including In-Person Verification (IPV) with any SEBI registered intermediaries including mutual funds. The KYC Application Forms are also available on our website www.boimf.in Existing KYC compliant investors of the Fund can continue the practice of providing KYC Acknowledgement Letter/ Printout of KYC Compliance Status downloaded from KRAs using the PAN at the time of investment

Once the investor has done KYC with any SEBI registered intermediary, the investor need not undergo the same process again with the Fund. However, the Fund reserves the right to carry out fresh KYC of the investor in its discretion.

Units held in electronic (demat) form

For units held in demat form, the KYC performed by the Depository Participant of the applicants will be considered as KYC verification done by the Trustee / AMC. In the event of non compliance of KYC requirements, the Trustee/AMC reserves the right to freeze the folio of the investor(s) and effect mandatory redemption of unit holdings of the investors at the applicable NAV, subject to payment of exit load, if any.

For further details, please refer Section 'Know Your Customer (KYC) Compliance' under Statement of Additional Information available on our website www.boimf.in

b. Central KYC Records Registry (CKYCR):

The Government of India vide their Gazette Notification No. S.O.3183(E) dated November 26, 2015 authorised the Central Registry of Securitisation Asset Reconstruction and Security Interest of India (CERSAI) to act as and to perform the functions of the Central KYC Records Registry under the said rules, including receiving, storing, safeguarding and retrieving the KYC records under the Prevention of Money-Laundering Act, 2002. SEBI required all the market intermediaries to update/upload KYC details of the new customer/investors (not KYC-KRA compliant) on CERSAI's online platform. CERSAI is a centralized repository of KYC records of customers/investors in the financial sector with uniform KYC norms and inter-usability of the KYC records across the sector with an objective to reduce the burden of producing KYC documents and getting those verified every time when the customer/ investors creates a new relationship with a financial entity. Central KYC (CKYC) will store all the customer/investor information at one central server that is accessible to all the financial institutions. After opening a KYC account under the CKYC, customer/investor will get a 14-digit identification number ("KYC Number") and that the same may be quoted by the investor wanting to invest in mutual funds. Further, the Mutual Fund/AMC is required to check whether the PAN of the investor has been updated in CKYCR. In case the PAN has not been updated, the Mutual Fund/AMC shall collect a self certified copy of the investor's PAN card and update/upload the same in CKYCR.

In case the Investor uses the old KRA KYC form for updating of any KYC information, such investor shall be required to provide additional/missing information only by using the supplementary CKYC form or fill the new "CKYC form". **The address, email id and contact details will be taken from KYC/ CKYC records.**

For further details, please refer to the Section on "Prevention of Money Laundering and Know Your Client ("KYC") requirements" in the Statement of Additional Information (SAI).

10. DEMAT/NON-DEMAT MODE:

Option to hold Units in dematerialized (demat) form Investors have the option to hold the units in demat form. Please tick the relevant option of Yes/No for opting/not opting units in demat form. If no option is exercised, "No" will be the default option. Unitholders must ensure that the sequence of names as mentioned in the application form matches with that of the account held with the Depository Participant. If the details mentioned in the application are incomplete/incorrect or not matched with the Depository data, the application shall be treated as invalid and shall be liable to be rejected. The application form should mandatorily accompany the latest Client investor master/ Demat account statement. Demat option will be not be available for Daily/Weekly/Fortnightly dividend options.

- 1) Investors can hold units in Dematerialized (Demat)/Non-Demat mode. In case the investor has not provided his / her Demat account details or the details of DP ID / BO ID provided by the investor is incorrect, or Demat account is not activated or not in an active status, the units would be allotted in Non-Demat mode. 2) Allotment letters would be sent to investors who are allotted units in Demat mode and a Statement of Accounts would be sent to investors who are allotted units in non-Demat mode. 3) Investors are requested to note that Units held in dematerialized form are freely transferable except units held in Equity Linked Savings Scheme's (ELSS) during the lock-in period. 4) The units will be allotted based on the applicable NAV as per the SID and will be credited to investor's Demat account on weekly basis upon realization of funds. For e.g. Units will be credited to investors Demat account every Monday for realization status received in last week from Monday to Friday.

The investors shall note that for holding the units in demat form, the provisions laid in the Scheme Information Document (SID) of respective Scheme and guidelines/procedural requirements as laid by the Depositories (NSDL/CDSL) shall be applicable. In case the unit holder wishes to convert the units held in non-demat mode to demat mode or vice versa at a later date, such request along with the necessary form should be submitted to their Depository Participant(s).

Units held in demat form will be freely transferable, subject to the applicable regulations and the guidelines as may be amended from time to time.

11. PLEDGE/LIEN :

In case investor creates pledge / lien on their units in favour of any financial institution or lender, the details of the same shall be provided to Bank of India Investment Managers Pvt Ltd (Formerly BOI Star Investment Managers Pvt Ltd) (Formerly BOI AXA Investment Managers Pvt Ltd) or KFin Technologies Ltd within two days of creations of such pledge/lien. The redemption proceeds/ dividend payment will be on hold till proper details are made available.

12. MULTIPLE BANK ACCOUNTS

The unit holder/ investor can register multiple bank account details under its existing folio by submitting separate form. Multiple Bank Accounts Registration forms are available in www.boimf.in or any of our AMC's branch offices.

13. APPLICATIONS FOR PURCHASE / REDEMPTION OF UNITS THROUGH STOCK EXCHANGE FACILITY

The Fund currently provides a facility for transacting through Stock Exchange infrastructure through the Bombay Stock Exchange Platform for Allotment and Redemption of Mutual Fund Units ("Facility"). Following terms and conditions shall apply for transacting through the Stock Exchange Facility:

1. This Facility is provided in terms of SEBI Circular No. SEBI /IMD / CIR No.11/183204/ 2009 dated November 13, 2009 through Eligible Stock Brokers.
2. Eligible Stock Brokers refers to the registered stock brokers of the Stock Exchange providing the Facility who possess necessary AMFI certification. Such brokers are considered as Official Points of Acceptance as per SEBI Circular No. SEBI/IMD/CIRNo.11 /78450/06 dated October 11, 2006. Such Brokers would issue a time stamped confirmation slip for the transaction entered into the system, which shall be considered for Applicability of NAV.

INSTRUCTIONS FOR FILLING UP THE APPLICATION FORM (contd.)

3. Existing and New investors can transact through the Facility. For availing the Facility, this Application Form must be submitted to your Eligible Broker.
4. The Facility currently permits only purchase/redemption of Units. Switching is currently not permitted.
5. Investors / Unit holders should note that the Units of the Scheme are not listed on Stock Exchanges and the Facility is only to enable purchase / redemption of Units.
6. Units can be held by investors in physical mode (i.e. through Account Statement) or dematerialized (demat) mode.
Separate folios will be allotted for Units held in physical mode and demat mode.
7. Investors intending to deal through the Facility in dematerialized mode (i.e. holding Units in electronic form in a depository account) should have a demat account with a Depository Participant (DP). For such investors, the KYC performed by DP in terms of SEBI Circular No. MRD/DoP/Dep/Cir-29/2004 dated August 24, 2004 shall be considered compliance with applicable requirements specified in this regard in terms of SEBI Circular ISD/AML/CIR-1/2008 dated December 19, 2008.
8. Investors who hold Units in demat mode can only transact through the Stock Exchange Facility. In case investors wish to transact through any other mode, they would be able to do so after rematerializing their Units by making an application to their DP.
9. For further details, please refer to the Scheme Information Document / related Addenda (no.1/2010 dated January 19, 2010) or visit the website www.boimf.in. You may also contact your Distributor / broker or any of our Investor Service Centres.
